Greeting from the Mayor of Mijas

Dear neighbours:

With the arrival of September, our village begins to dress up for the festivity of its patron saint and perpetual mayoress, the Virgen de la Peña. For six days, our town will once again be an example of coexistence, respect and traditions with a fair that is already a benchmark on the Costa del Sol and which, year after year, grows thanks to the affection and involvement of all of you, our neighbours.

As you know, the contrasting nature of the village, between the sea and the mountains, gives our fair a genuine character. It is a must for those who wish to enjoy a family festival, with the best atmosphere and a programme in which everyone can feel part of it. The Mijas fair is open and multicultural, a window to the Mediterranean in which traditions are dressed in colour to give way to days of fun where young and old will have their space reserved in the festive agenda. Accompanying each of our steps will be our beloved patron saint and perpetual mayoress, the Virgen de la Peña, who will once again visit the streets of the town in her procession on September 8th. It is a day marked in red in the calendar of all the residents of Mijas to meet again with the incomparable beauty of her image, drawing indelible portraits of our white village.

All that remains is for me to wish that you enjoy these days intensely with family, friends and neighbours and that you welcome those who decide to choose our village as a holiday destination during these days. Show them the beauty and hospitality of our fiestas so that, once again, Mijas crosses borders and this fair is a great success.

Happy Mijas Fair!

Josele González

Greetings from the councillor for Festivities

Dear neighbours:

Our municipality is looking forward to the 'Fiestas' and Fair of Mijas 2023. Days in which tradition, leisure and music go hand in hand to give shape to a programme in which we cannot forget our customs. Mijas and its fair continue to grow under the protection of its most important traditions. Ahead of us lie days of encounters and emotions rising to the surface, in what is undoubtedly the most awaited event by the people of Mijas, who live this festivity in honour of our patron saint, the Virgen de la Peña, with intensity.

This is why the Festivities Department has lovingly prepared an agenda full of activities for all tastes. Activities that will take place both in our daytime fair, held in a unique setting such as the gardens of La Muralla, and in the fairground, where attractions, musical performances and local gastronomy will be the main protagonists of nights of leisure and fun for the whole family.

The fervour of the people of Mijas for their perpetual mayoress, the Virgen de la Peña, will be felt in every step she is taken through the streets of Mijas in her procession on the 8th of September, because in Mijas September is named after the Virgen de la Peña and the cobbled streets will welcome the emotions of the people with the passing of our beloved Patron Saint, leaving images to remember.

I invite you to accompany our Patron Saint in her procession and also to share with families, friends, neighbours and acquaintances these days of festivities made by and for the people of Mijas. Here's to unforgettable celebrations.

Happy Mijas Fair!

Tamara Vera
Councillor for Festivities of the Mijas Town Hall

BANDO

In view of the upcoming celebration of the Fiestas and Fair of Mijas, which will take place from 5th to 10th of September 2023, both inclusive, I consider it appropriate to inform you about the various rules of hygiene, respect and coexistence to make these festive days more pleasant.

As far as food and drink outlets are concerned, the following must be complied with:

The price list shall be displayed in a visible place, including the prices of all products served.

All persons who are in direct contact with food as a result of their work must have an official food handler's certificate.

The Complaint Forms established in Decree 82/2022, of 17 May, (BOJA n° 95, 20 May 2022) will be posted in a visible place and will be available to the public.

Products in which eggs are an ingredient will respect, as regards their preparation and consumption, the criteria established in the legislation in force.

The marketing and consumption of 'chanquetes' and other immature fish species is strictly prohibited.

All establishments set up on a temporary basis shall comply with the same regulations governing permanent establishments.

The preparation of meals, both in the open air and inside vehicles, as well as their consumption in unauthorised places.

I would also take this opportunity to point out other rules that must be observed during our festivities:

The fairground will be closed to traffic of all types of motor vehicles from 08.00 hours, with unloading permitted in the street vending area from 18.00 to 19.00 hours along the side avenues.

All installations located in the fairground (clubs, political groups, attractions, bars, stalls, etc.) will cease their activity at 05.00 hours.

From 05.00 hours onwards, music will be stopped both on the rides and in the rest of the activities and stalls on the fairgrounds. The installation of all types of machines, chairs, tables and counters outside the limits of the site where the fair is held is prohibited.

It is forbidden to distribute or sell tobacco without due authorisation, in compliance with Law 28/2005, of the 26th of December, in fixed or itinerant stalls and in unauthorised installations.

Unauthorised street vending is prohibited, and the Local Police may proceed to remove the merchandise being sold, as long as the purchase of the same and its legitimate ownership is not accredited by means of an invoice.

The exhibition, sale, donation or possession of bladed weapons or objects of similar characteristics will not be permitted, and the Local Police will proceed to report and seize them.

In the fair booths and fairground facilities, special attention will be paid to the prohibition of selling or providing alcoholic beverages to minors.

Booths and clubs located within the fairgrounds must comply with the rules set out in the current Police and Entertainment Regulations, paying special attention to the items relating to safety and fire prevention.

Failure to comply with this rule will be subject to a complaint by the Local Police, which may result in the opening of a disciplinary proceeding and the precautionary closure of the stand.

The Local Police and the technicians responsible for the Mijas Town Hall will check compliance with the above provisions.

With the adoption of these measures, it is intended that we all enjoy a few days of festivities in order and that the coexistence between those who participate in the fair is cordial.

I would also like to take this opportunity to invite the residents and entrepreneurs of Mijas to dress up in Andalusian attire and to decorate their establishments and façades with festive motifs to enhance the Mijas Fair and Festivities.

Happy Mijas Fair 2023!
